

Outlaw BV

Back Pack Vacuum

The Outlaw BV Backpack Vacuum from NSS® cuts through the clutter to clean where uprights and tank vacuums cannot. Ideally suited for cleaning tight areas, this comfortable, lightweight vacuum is excellent for offices, schools, theaters, auditoriums, retail stores, and even aircraft.

- The unique triangular body shape assures strong vacuum performance. Suction air flows unobstructed through the points of the triangular body even as the bag fills-up.
- Includes tool kit 6790141 — two-piece aluminum wand, 14-in carpet and bare floor tool, 16-in crevice tool, and 3-in round brush.
- For increased comfort, the Outlaw BV's padded harness rests at the operator's hips, unlike typical backpacks that concentrate weight at the shoulders.
- An optional outlet allows the Outlaw BV to be used with a Powerwand attachment for more aggressive cleaning performance.
- Where Indoor Air Quality is a concern, an optional snap-on HEPA filter attachment is available.
- CRI Seal of Approval.

Machine	10 lbs (4.5 kg)
Shipping	18.4 lbs (8.4 kg)

Shipping Class

125

Warranty

3 year limited, 10 years poly parts

Productivity

7,407 sq ft per hour
688 sq m

- 1 Straight, 1.5-in. I.D. intake to prevent clogging.
- 2 Top-fill filter for peak vacuuming performance.
- 3 Lightweight, durable rotocast polyethylene body resists dents and corrosion.
- 4 Adjustable harness is padded where it counts—at the shoulders and hips.
- 5 Diffused air exhaust will not disturb paper or other light objects in work area.
- 6 A HEPA filter assembly (#6793459) snaps on to keep even fine contaminants from being exhausted into the air.
- 7 Cord Clip keeps the cord out of the operator's work area.
- 8 Adjustable intake cap accommodates left or right-handed operators.

DO NO HARM™

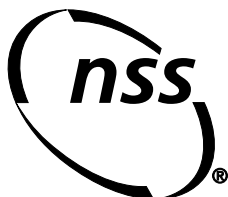

The optional HEPA filter assembly snaps on to keep fine contaminants from being exhausted into the air.

The padded, adjustable harness rests on the operators hips, not the shoulders like most competitive back pack vacuums.

The quiet operation (69 dBA) allows extended use in daytime cleaning environments.
